

2019/2020 Consumer \$300 Tax Credit FOR BIOMASS APPLIANCE

Section 25C of the Internal Revenue Code

Valid January 1st, 2019 through December 31st, 2020

The thermal efficiency of your Lopi® has been determined to be 75% or greater and qualifies for tax credits as authorized for biomass-burning home heating stoves. Lopi's efficiency determination complies with the guidance published by the U.S. Internal Revenue Service (IRS). Homeowners should consult their tax advisor to determine whether they qualify for any potential income tax credits. See IRS form 5695.
